### **What to bring:**

- Birthday Cake
- Snacks and drinks (not included). You can bring your own light snacks and drinks. Our birthday parties are usually quite active and your kids will be involved in a lot of activities for the duration of the party so we recommend bringing light snacks and drinks for the small breaks kids will have in between activities.
- Any special decorations for your kids' party
- A rubbish bag to dispose of any rubbish from your session into (we are a small circus school with limited bin space, this helps us greatly with clean up at the end of the parties as we can pop your bag straight into our red bin.)

### **What to wear:**

- Active clothes: we recommend all kids attending our birthday parties to wear active clothes such as t-shirts, tank tops, tights or shorts. Please note that children will be required to remove shoes, socks and jewelry when they arrive. Please note that skirts and dresses are best with leggings underneath as children will be hanging upside down during the session.

### **Arrival:**

We have 4 parking spaces labeled with our Flip n Fly sign in front of our building and four more spaces labelled in the large car park to the left of our building. Please do not park anywhere else in these car parks as cars frequently get towed on the weekends. There is plenty of street parking around if you require extra spaces.

Please do not arrive for your birthday party any earlier than 20minutes before your session time, our birthday parties all run to strict time slots and this helps us to ensure that we can clean and prepare then venue before your arrival and makes sure our hardworking trainers get a break before the next session starts.

On arrival your children are welcome to play in our space until the party formally begins, however for us to allow this we require parents to assist us in making sure that all children follow these rules:

- All shoes and socks and jewelry removed.
- No swinging back and forth on the aerial equipment, only spinning is allowed as long as children are over a crash mat at all times.
- Use a crash matt under equipment at all times.
- No jumping on our big trampoline (a trainer must be present to take children on the trampoline using our safety harness.)
- Share the equipment and have fun!

### **Departure:**

We will give you the last 15minutes of your birthday time slot to have your birthday cake and finish your food. If you intend to order food (pizza for example) timing it to arrive in the last 20 minutes of your booking time is a great idea. Please ensure you have packed up your table and departed the venue no later than 15 minutes after your booking time has finished, we have to be very strict on this as we need the time between parties to clean, reset your table and for our trainers to prepare before the next party.

\*2Please give us an estimate of how many kids will be attending the party as soon as possible in order for us to plan and prepare in advance.
